

## McREA-DALY SMELTER.

Work on the New Smelter Has Already Begun and Will be Rapidly Pushed to Completion.

Ground was broke Aug. 18 for the new McRea-Daly smelter at Rose Hill school house and from now on that section will be one of the liveliest corn patches in the good state of Kansas.

W. D. Rowley has the contract for the mason work and started a gang to work Friday. The plans for the new smelter call for a works about the size of the W. & J. Lanyon smelter, just north of town, one of the best equipped and arranged smelters in the country. Such a works will call for 1800 retorts and will employ 150 men, and will consequently scatter a whole lot of good honest dollars among the people.

Mr. McRea has already rented a house and is living in Iola. Mr. Daly will move his family here from Nevada in the near future and either build or rent a house, both of the owners making their homes in the city. It seems to be a settled fact also that the paying will be done here which means much to the town. An addition of 150 working men, drawing good wages, and their families means an increase of 600 people in Iola from this one enterprise and when it is remembered that there are two other similar works on hand each bringing the same increase Iola has a mighty fair prospect of gaining two thousand people in the next year from this one source.

Therefore, here is the third and last warning! All those people in town who have any constitutional objection to living in a city of 10,000 or more had better make arrangements to move. It's coming!

## CHARTER GRANTED.

For the Iola-Lathrop Street Railway which will make Iola a City of the First Class.

A company with the right to build an electric line of railway between and through the cities of Iola, Humboldt and Moran, Allen county, filed its charter Tuesday in the office of the secretary of state. It is to be known as the Iola Rapid Transit Electric Light company, and in addition to building railway lines will have authority to put in electric light plants and secure franchises. The capital stock of the company is \$10,000, and the directors are W. S. Hendricks, G. A. Bwols, W. J. Evans, J. E. Chastain, L. L. Northrup, A. W. Beck and E. K. Taylor—Exchange.

## TO CONSUMPTIVES.

As an honest remedy, Foley's Honey and Tar does not hold out false hopes in advanced stages, but truthfully claims to give comfort and relief in the very worst cases, and in the early stages to effect a cure. Evans Bros.

## Notice.

Iola, Kans., Aug. 12, '98. All persons knowing themselves indebted to J. M. Williamson & Son will please call and settle at once.

On and after September 1st we will do a strictly cash business. dw48-67 J. M. WILLIAMSON & SON.

## Scrofula, a Vile Inheritance.

Scrofula is the most obstinate of blood troubles, and is often the result of an inherited taint in the blood. S. S. S. is the only remedy which goes deep enough to reach Scrofula; it forces out every trace of the disease, and cures the worst cases.

My son, Charlie, was afflicted from infancy with Scrofula, and he suffered so that it was impossible to dress him for three years. His head and body were a mass of sores, and his eyesight also became affected. No treatment was spared that we thought would relieve him, but he grew worse until his condition was indeed pitiable. I had almost despaired of his ever being cured, when by the advice of a friend we gave him S. S. S. (Swift's Specific). A decided improvement was the result, and after he had taken a dozen bottles, no one who knew of his former condition would have recognized him. All the sores on his body have healed, his skin is perfectly clear and smooth, and he has been restored to perfect health.

For real blood troubles it is a waste of time to expect a cure from the doctors. Blood diseases are beyond their skill. Swift's Specific.

**S.S.S. For The Blood** reaches all deep-seated cases which other remedies have no effect upon. It is the only blood remedy guaranteed purely vegetable, and contains no potash, mercury, or other mineral.

Books mailed free to any address by Swift Specific Co., Atlanta, Ga.

**SYRUP PEPIN** CURES INDIGESTION.

## As "Fairplay's" Cousin Sees It.

The REGISTER recently published an article from the LaHarpe News signed by "Fairplay." The writer was silly in his attack, but there seem to be others.

The REGISTER invariably refers to the new Lanyon smelter as "the new Lanyon smelter at LaHarpe." It did so the other day and in another column, in mentioning the new Nicholson smelter at Iola said:

The papers were signed today which permanently locates the third zinc smelter in Iola and the sixth in Allen county. There are no "ifs" or "provided" about this either, and the works will be located in Iola, Allen county, Kansas.

There would not seem to be anything objectionable in that but it elicits the following bunch of rables from the Humboldt Union:

The Iola Register claims six smelters for that city, while the fact is they have but two. They claim the LaHarpe smelter, which is just five miles east of Iola. They also claim three smelters that are not even commenced yet, and the location claimed to be selected are from four to four and a half miles east and southeast of Iola. They claim the latest well put down in the LaHarpe field, which is four and a quarter miles east of Iola. A few years ago they claimed the Fussman oil well, eight and one-half miles south of Iola, and adjoining Humboldt on the north. They will claim Cuba and Porto Rico next, because the United States is no larger enough for them to inhabit. Iola is doing well enough with her two smelters, and should not strain herself in reaching out too far, so that is what sometimes makes individuals and corporations poor.

It will thus be seen that if Iola papers pay attention to what "the neighbors say," they will have to suspend publication. Henceforth this paper will "gang its own gait" with charity to all and malice toward none, and will refer the hypochondriacal, dyspeptic commentators to the future where they will be "sighted" to the fact that if you see it in the REGISTER it is so.

## THE DANGERS OF SPRING.

Which arise from impurities in the blood and a d-d-p-et condition of this vital fluid may be entirely averted by Hood's Sarsaparilla. This great medicine cures all spring humors, boils, eruptions and sores, and by enriching and vitalizing the blood, it overcomes that tired feeling and gives vitality and vigor.

Hood's Pills cure nausea, sick headache, biliousness and all liver ills. Price 25 cents.

## An Exchange of Ministers.

Mention has been made in this paper of the fact that Rev. L. S. Faust of the Reformed church, had accepted a call to the Emporia church. It is now learned that Rev. Shuey, who organized the church here, will move here from Emporia and take charge, exchanging places with Rev. Faust.

Iola people will generally regret the departure of Mr. Faust and his estimable wife who have done excellent work here and built up a flourishing church. Rev. Faust is a young man, full of courage, enthusiastic and a thorough Christian gentleman. He leaves the church here with the most sincere good wishes of the members and a host of other friends. His new charge is an important one where he sees a chance to enlarge his field of work.

Rev. D. B. Shuey is not a stranger here having been here in the '80s and he will find many warm friends ready and willing to welcome him and cooperate with him. The Emporia Gazette, in mentioning his departure, pays the following handsome tribute to him:

In response to a call from the Reformed church of Iola to become pastor, Rev. D. B. Shuey will move to that place and take up his work about the first of September. Rev. Shuey has lived in Emporia fifteen years. During the greater part of that time he has been engaged as superintendent of missions for the Reformed church, his territory at the close of his missionary work in 1881, embracing the states of Illinois, Iowa, Missouri, Kansas, Nebraska and Colorado. He organized the church at Iola in 1881 and does not therefore, as among other strangers, Rev. Shuey went to Reading, Pa., in 1881, where he successfully conducted a church periodical for a year. For the past year he has filled the offices of state clerk and treasurer of the Synod of the Interior of the Reformed church.

## A Remarkable Cure of Chronic Diarrhoea.

In 1865, when I served my country as a private in Company A, 167th Pennsylvania Volunteers, I contracted chronic diarrhoea. It has given me a great deal of trouble ever since. I have tried a dozen different medicines and several prominent doctors without any permanent relief. Not long ago a friend sent me a sample bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and after that I bought and took a 50-cent bottle; and now I can say that I am entirely cured. I cannot be thankful enough to you for this great Remedy, and recommend it to all suffering veterans. If in doubt write me. Yours gratefully, HENRY STEINBERGER, Allentown, Pa. Sold by Campbell & Burrell.

National Encampment, G. A. R. Will be held at Cincinnati, Ohio, Sept. 5th to 10th. The Mo. Pac. Ry. has made a rate of \$16.25 for the round trip. Tickets to be sold September 2, 3, 4, 5. Open return limit September 13. Passengers desiring extension of limit to October 2nd can secure same by depositing ticket with joint agent at Cincinnati Sept. 5 to 9 and paying 25 cents deposit. Call at Mo. P. depot for full information. J. F. COZAD, Agent.

## HOW KANSAS GROWS.

The List of Kansas Cities Is Completed and Shows that Iola Made the Largest Percentage of Gain.

The Secretary of the State Board of Agriculture has just finished the returns on municipal enumeration as reported by the various county assessors. There are now 103 cities in the state with a population of over 1000. Many changes in the scale of size have been made during the year, but the greatest change of all is shown by Iola which jumps from the fifty-first place to the twenty-sixth and is now credited with a population of 3,531.

The table makes an interesting study. The cities ahead of Iola and their populations was as follows:

RANK.	NAME.	POPULATION.
1	Kansas City	66,028
2	Topeka	32,651
3	Wichita	29,745
4	Leavenworth	20,457
5	Atchison	16,267
6	Pittsburg	12,225
7	Lawrence	11,791
8	Fort Scott	11,005
9	Parsons	9,969
10	Emporia	8,809
11	Ottawa	8,775
12	Hutchinson	8,754
13	Arkansas City	8,340
14	Newton	6,704
15	Argentine	6,341
16	Winfield	5,937
17	Salina	5,412
18	Colfax	5,124
19	Junction City	4,971
20	Galesburg	4,756
21	Independence	4,613
22	Chanute	4,572
23	Wellington	4,067
24	Horton	3,848
25	El Dorado	3,534
26	Iola	3,531

Other towns which Iola has become accustomed to watching and comparing notes with show up as follows:

27	Abilene	3,286
28	Paola	3,225
29	Olathe	3,315
30	Haworth	3,002
31	Manhattan	2,925
32	Girard	2,794
33	Cherryvale	2,265
34	Oswego	2,159
35	Burlington	2,153
36	Garnett	2,153
37	Humboldt	1,740
38	Neodesha	1,626
39	Yates Center	1,588

The interesting question intrudes itself upon the readers mind at this point, where will Iola be next year, and the next and the next. She is going to climb up the line, but nobody knows how far.

## NO GRIPING OR PAINS.

Atrowsmith, Ill., Jan. 22 1867.

Dear Sir:—I have been bothered for 15 years with constipation and I have tried many preparations during that time. I commenced using Dr. Caldwell's Syrup Pepsin in the fall of 1865 and unequally say it is the best remedy I have ever found for my trouble. No griping or pains after taking. Yours, WM. HURT.

C. B. Spencer & Co.

## FOR THE IOLA LOG ROLLING.

The Santa Fe and Missouri Pacific Railroads Give Cheap Rates As an Inducement.

The railroads entering Iola did the generous thing by the city in the matter of excursion rates for September 1st. Special trains will enter the city from all directions and roads will set out cars at all stations to give the visiting lodges a chance to decorate.

The Santa Fe time card shows the following rates:

Ottawa \$1.00	Elk Falls \$1.50
Princeton .75	Moline 1.50
Richmond .75	Howard 1.75
Garnett .50	Colfaxville 1.25
Wells .40	Liberty 1.50
Colony .25	Bolton 1.25
Cody .15	Hawasa 1.50
Humboldt .30	Neodesha 1.50
Chanute .40	Peru 1.00
Carlton .50	Chautauqua 1.50
Thayer .60	Elgin 1.50
Morhead .40	Hewitt 2.10
Cherryvale 1.00	Cedarvale 2.20
Independence 1.15	Elk City 1.25
Shaw .55	Oak Valley 1.25
Elk .65	Grenola 1.65
Walnut .40	Grand Summit 1.50
Bradilton 1.00	Cambridge 1.50
Girard 1.00	Burden 2.05
Frontenac 1.00	New Salem 2.20
Pittsburg 1.00	Winfield 2.35
Vilas .30	Hackney 2.50
Benedict .75	Arkansas City 2.05
Fredonia .85	Neosho Falls .50
Buxton 1.00	Geneva .40
	London 1.25

The Missouri Pacific has made a uniform rate of one fare for the round trip from all points on its lines within a certain distance from Iola. The rates are in force between the following points and Iola and all intermediate points: Oxford, Benton, Madison, Waverly, Bucyrus, Pleasanton, Ft. Scott, Pittsburg, Arkansas City, Chetopa and Brainard.

The REGISTER publishes the list for the benefit of those here who have friends whom they wish to invite to attend the celebration. If you think your friends might not come, through ignorance of the low rates, send them a copy of the REGISTER and back it up with a letter.

## THE SUN

may shine brightly and the birds may sing their sweetest songs but if your stomach is not right there is no happiness for you. Keep a bottle of Dr. Caldwell's Syrup Pepsin in the house and use it according to directions and the sun and birds will not shine and sing in vain. Constipation and indigestion cured. Trial size 10c (10 doses) and in 50c and \$1.00 bottles. O. C. B. Spencer & Co.

## REMARKABLE RESCUE.

Mrs. Mitchell Curtin, Plainfield, Ill., makes the statement, that she caught cold, which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim consumption and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for Consumption; she bought a bottle and to her delight found herself benefited from the first dose. She continued its use and after taking six bottles, found herself sound and well; now does her own house work; and is as well as she ever was. Free trial bottles of this great Discovery at Charles B. Spencer & Co. Drug Store. Large bottles 50 cents and \$1.00.

## Public Sale.

Sleeper & Ling will sell at public auction at the Sleeper place, one mile northeast of Iola, on Tuesday, August 30th, 1898, at 10 o'clock a. m. of said day, the following personal property: Seven milk cows, all giving milk, fresh in November; 2 draft horses, 8 years old, weight 2500 lbs.; 3 driving horses; 2 shoats, weigh about 150 pounds each; one binder, one mowing machine, almost new, one hay rake, 2 cultivators, walking, 2 14-inch walking plows, one 2-section harrow, one 3-section harrow, one fauning mill, one lumber wagon, one low wheeled wagon, one road wagon, one spring wagon almost new, one set double harness, one set single harness, and other things too numerous to mention. For terms and particulars see bills from this office.

## ROBBED THE GRAVE.

A startling incident, of which Mr. John Oliver of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying 'Electric Bitters' and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50c per bottle at Chas. B. Spencer & Co's Drug Store.

## \$100,000.00.

The war with Spain will undoubtedly make money scarce and interest higher. Therefore if you want to get a loan on your farm or renew your old loan it would be a good idea to do so at once. We have one hundred thousand dollars on hands to loan. So if you wish a loan on your farm call on or write us before the rate of interest is raised.

Our rates are the lowest. Either straight or small cash commission. Option payments.

BOSTWICK & ACERS, Real Estate, Loans and Insurance, Iola, Kans., Telephone 42.

## DANGEROUS DRINKING WATER.

Death lurks in impure water. It breeds disease often in epidemic form. The first symptom is looseness of the bowels. These diseases are checked by taking Foley's Colic Cure. Evans Bros.

## The Pill That Will

Dr. J. C. Ayer's Pills will prevent and cure biliousness.

"For years I have thoroughly tested AYER'S PILLS, both as a preventive and cure for biliousness. They are the best medicine for the purpose and all that is claimed for them." J. E. KOLB, Shark, Ark.

IOLA, KANSAS.

## CANNING AND PRESERVING.

How to Prepare Fruit So That It Will Remain Whole and Bright.

Of all woman's work there is none probably quite so hard as canning and preserving. The long hot days over the hot stove are bad enough, but the certainty that all the work may not be in vain is often the hardest part, says the St. Paul Globe.

The first requisite is to have the cans and tops perfectly clean and scalded with boiling water just before using. To prevent breakage rinse first in very warm water, wrap a wet towel around each and set in a pan in which there is an inch of hot water. Pour in the boiling water. Rinse well and put in the fruit at once. The same method may be used in preparing jelly glasses.

As an extra precaution after the tops have been screwed down as tightly as possible prepare a wax of three parts of rosin, two parts beeswax and one part tallow, melt and mix well, and when preparing to can put on the back part of the stove, allow it to warm and after each can is ready put a thick rim of this around the base of the top.

To have bright, soft preserves, boil thoroughly from three to four hours before adding the sugar.

To be sure the jelly will heat the sugar in the oven so hot that it will sizzle when added to the juice. To have clear jelly do not boil longer than from five to ten minutes after the sugar is added.

To have whole, bright berries, currants, cherries, grapes and crab apples, carefully pick them over, then rinse in tepid water and put into the cans, using about one-half cupful of sugar to each pint, fill as closely as possible without mashing the fruit and cover with cold water. Put on the rubbers and screw the tops on loosely, put in a boiler in which is sufficient cold water to come to two inches from the tops of cans and boil about 20 minutes. Screw the tops tight and add the wax.

Apples, peaches and other such fruit may be peeled, cut in halves, cored or pitted and canned the same way. If the fruit is desired sweeter, a thick

syrup may be made of white sugar and water and used instead of above method. The fruit will keep if less sugar is used.

How to Prepare Potatoes a la Marie. Peel eight raw potatoes, then cut them around as an apple is peeled. Let the paring be as near the same thickness as possible, and the longer they are the better. Put them in a frying basket and plunge into boiling lard. When they are a golden brown, drain them in front of the fire. Dish on a very hot plate, sprinkle with salt and serve immediately.

How to Broil Mushrooms. Select a dozen medium sized fresh mushrooms, cut off a portion from the stalk and peel the top. Drop as soon as peeled in cold water, with the juice of a lemon and a teaspoonful salt. Fifteen minutes before serving drain the mushrooms and wipe dry. Season them with half teaspoonful salt and one-eighth teaspoonful pepper. Brush each one over with melted butter, lay them on a hot broiler and cook over moderate fire five minutes on each side, turning them twice while cooking. Dress them on six slices of buttered toast, spread over each a little maitre d'hotel butter and serve. To prepare the maitre d'hotel butter rub a teaspoonful butter to a cream, add a teaspoonful lemon juice, a teaspoonful fine chopped parsley and a sprinkle of nutmeg.

How to Make Ham Croquettes. Take two cups of fine mixed ham, or, better, one cup of ham and one of veal, mix well with one-quarter cup of bread crumbs. Add two tablespoonfuls of stock or gravy and season with one teaspoonful of pepper. Add the yolks of two eggs, make into small balls, cover it with egg and bread crumbs and fry.

The largest coffee plantation in Brazil and perhaps in the world is the DuMont plantation, established by a Frenchman in the state of Minas Geraes. The number of coffee plants in 1896 was 4,718,000.
